Profile

Media producer and entrepreneur with 10+ years of experience who built the modern rap industry infrastructure of Tajikistan from the ground up: the rap.tj platform, the country's first organized battle scene (1,000+ battles, 500+ contests, 50+ concerts), the RAP PORTAL YouTube channel (358,000+ subscribers), the first Tajik YouTube mini-series ("Mirzo", 38 episodes), and the national "Sadoi Kucha" tournament. Creator of Tajikistan's first national blogger award. Now based in Austin, TX: founder of TOJIK.CO (immigration platform) and the WMoo pro LLC creative studio.

Experience

Founder — TOJIK.CO (2024 – present)

Immigration platform helping Tajik immigrants adapt to life in the USA; educational video content on YouTube, Instagram, and Telegram. Also: viral comedy videos (1–2M views), international online blogging courses (Germany, Russia, Tajikistan), and a mini-series about Tajik life filmed in Minneapolis.

Videographer & Photographer — WMoo pro LLC / Freelance (2013 – present)

Full-cycle photo/video production for automotive, real estate, and event clients; today through the WMoo pro LLC creative studio in Austin, TX (photography, videography, podcasts).

Data Center Infrastructure Technician — xAI · Core Scientific · Switch · Colovore · VERTEX50 · ISTOK Group · Computacenter (2026)

Structured cabling and network infrastructure in enterprise AI data centers (TN, TX, NV): fiber optic and Cat6/Cat6A termination and testing, optical splitters on GPU ports, 100G–400G interconnects, 30+ racks per facility.

Vice President — Association of Bloggers of Tajikistan (2023 – 2024)

Created the first national award "Blogger of the Year 2023" — concept, nomination system, jury; generated \$40,000+ in revenue for the Association.

Founder & CEO — rap.tj / WMoo Pro (2015 – 2022)

Built the country's first centralized rap platform: charts with monetary prizes, artist monetization, free monthly concerts, the first organized battle platform, the RAP PORTAL YouTube channel, and a talent incubator. 30 employees at peak; redesigned battles into the "Mahfili Mushoira" format in 2019.

Chief Executive Officer — Revad 2020 LLC (2015 – 2021)

Multimedia company: photography, videography, and website creation; led and mentored a creative team.

Web Developer — Farozi RD LLC (2011 – 2014)

Custom websites and corporate portals: frontend, backend, architecture, UX, project management.

Audio Engineer — DCA Rec. (2011 – 2012)

Recorded, mixed, and mastered tracks for regional rap artists at the hip-hop studio.

Game Server Developer — ADEN.TJ & L2MONEY.TJ (2010 – 2012)

Built and ran the largest Lineage 2 game servers in Tajikistan: architecture, backend, community.

Video Editing Specialist — TV Bahoriston (2009)

First media job: edited video content for television programs.

Education

Tajik State University of Commerce — World Economy, correspondence faculty (2013 – 2014)

Technological University of Tajikistan — undergraduate studies (2010 – 2012)
